J. P. Morgan, Assistant Director, Production Division, New York Operations Office
URANIUM OXIDE SCRAP

MATERIALS 5 (OR)

REFER TO SYMBOL: PU:DH

Attention: W. D. Miller

Please ship the scrap covered in your memorandum of July 15 by sealed freight to:

Atomic Energy Commission
c/o Mallinckrodt Chemical Works
65 Destrehan Street
St. Louis, Missouri

No guards will be necessary. A letter detailing the pertinent information should be sent to the following address so that preparations can be made to receive it. A copy should be sent to this office.

Atomic Energy Commission
P. O. Box 36
Bremen Station
St. Louis, Missouri

Attention: J. J. Koenig

With reference to the expected accumulation of approximately 3000 kilograms per month of this scrap, we recommend that this material be held until a full truckload is accumulated. It is estimated that this will take about three months before any shipment is made. Kindly contact this office as in the past.
