SUMMARY

This site was listed in the FUSRAP Sites Summary Report as being located in Buffalo, NY. However, all available records show its address as Niagara Falls, NY. In addition, a check of the 1937 New York State manufacturing companies listing shows the location as Niagara Falls; no Buffalo locations for this company are listed. The Titanium Alloy Metals site in Niagara Falls, which had been listed as a distinct site, appears in fact to be Titanium Alloy Manufacturing Company. Titanium Alloy Metals was operated under subcontract with NLO. Therefore, upon approval of 7117-03.87.cdy.27, C. Young to A. Walla, 27 May 1987, Titanium Alloy Metals will be eliminated. Furthermore, due to the duplication of Titanium Alloy sites in the site listing, it is recommended that Titanium Alloy Manufacturing Co. be eliminated regardless of the aforementioned approval action.
