Dear Ms. Roberts:

The U.S. Environmental Protection Agency is writing to provide its formal concurrence on the Sixth Five-Year Review (FYR) report for the Weldon Spring Quarry/Plant/Pits site. The EPA concurs with the Department of Energy's protectiveness statements, issues, and recommendations documented in the report version submitted on September 14, 2021. Enclosed is the EPA's signature page for inclusion in the final report.

This concludes the Sixth FYR for the site. Please ensure the documented issues are tracked and resolved by their listed milestone dates.

If you have questions or concerns, please contact me at (913) 551-7868.

Sincerely,

**YVONNE
