Subject: Response to Comments on Vicinity Property Remedial Investigation
Report, Colonie FUSRAP Site
Colonie, New York

Dear Mr. Abunaw:

We are in receipt of your comments on the Vicinity Property Remedial Investigation Report for the Colonie FUSRAP site. All of the New York State Department of Environmental Conservation comments are acknowledged. We agree with the Department's comment that "DEC determined that USACE remediated the VPs to the cleanup criteria and the properties are suitable for release for unrestricted use." Furthermore, a Site Management Plan (SMP) has been drafted and is presently under internal USACE review. We anticipate providing the draft SMP to DEC in the late September or October 2016 timeframe. We also anticipate providing DEC the information required for the Environmental Easement in that same timeframe. Thank you for responding to our submittal.

Should you have any questions, please call me at (917) 790-8230.

Sincerely

A handwritten signature in cursive script that reads "James T. Moore".
