Nelson,

Are they going to sample those wells we had in our SOW, and the two upgradient wells and develop them?

Subject: CE Windsor - Notification of Groundwater Sampling Program

Hello everyone.

I am sending out the notification that MACTEC personnel will be on-site at Combustion Engineering in Windsor, CT starting Monday, April 16, 2007 to begin the quarterly groundwater sampling event. The program is scheduled to last one week. Please call or email me with questions concerning the up-coming event.

Thank-you

Tige
