SUBJECT: Painesville Site Record of Decision

██████████
President, Lake County Commissioners
P.O. Box 490
105 Main Street
Painesville, OH 44077

Dear ██████████

I am pleased to inform you that the Record of Decision for the Painesville Formerly Utilized Sites Remedial Action Program (FUSRAP) Site, located in Lake County, Ohio, is complete. The Record of Decision will be placed in the Painesville Site Administrative Record File for public view, located at the Fairport Harbor Public Library in Fairport Harbor, Ohio; the Morley Public Library in Painesville, Ohio; and at the Buffalo District Library, 1776 Niagara Street, Buffalo, New York.

Investigations of the Painesville Site have found uranium, radium and thorium contamination in the soil, resulting from past activities of the Atomic Energy Commission (AEC) in the early years of the United States' atomic energy and weapons program. After consideration of comments received during the 30-day public review period of the Proposed Plan, released in July 2005, the Corps of Engineers has chosen Excavation and Off-site Disposal of radiologically contaminated soils as the Selected Remedy for the Painesville Site. All of the comments received during the public comment period, and the responses to them, are included in the Responsiveness Summary portion of the Record of Decision.

The cleanup of the Painesville Site detailed in the Record of Decision is scheduled to begin the summer of 2006, and be completed in 2007. The Corps of Engineers will hold a public information meeting prior to beginning the site cleanup, and will notify your office of the date of the public meeting once it has been scheduled.

Thank you for your continued interest in this matter. If I may be of further assistance, please contact me at ██████████

Sincerely,

████████████████████
