Three Rocky Flats Site Contact Records Now Available

The U.S. Department of Energy Office of Legacy Management, Rocky Flats Site, Colorado, posted the following contact records (CR): CR 2022-02, CR 2022-03, and CR 2022-04.

CR 2022-02 discusses the analytical results for boron at the Present Landfill Groundwater Treatment System Effluent location and sampling plans for the next year.

CR 2022-03 documents the reportable condition of uranium at Point of Evaluation (POE) GS10 and the plan and schedule for evaluation.

CR 2022-04 notes the reportable condition for plutonium at POE SW027 and the response actions.

The contact records were approved by the Colorado Department of Public Health and Environment in coordination with U.S. Environmental Protection Agency Region 8.
