REVIEW OF 2016 AND 2017 ANNUAL LAND-USE COVENANT INSPECTION REPORTS FOR DEPARTMENT OF ENERGY AREAS (REPORTS), AT THE LAB FOR ENERGY RELATED HEALTH RESEARCH (LEHR SITE)/OLD CAMPUS LANDFILL SUPERFUND SITE, DAVIS, CALIFORNIA, EPA ID. NO. CA2890190000

Dear Mr. Murl:

By various emails, Weiss Associates on behalf of the Department of Energy (DOE) submitted the following reports:

- The 2016 Annual Land-Use Covenant (LUC) Inspection Report for DOE Areas (2016 LUC Report), dated January 2017 and submitted on January 10, 2017; and
- The 2017 Annual Land-Use Covenant Inspection Report for DOE Areas (2017 LUC Report), dated January 2017 and submitted on January 5, 2018.

The 2016 LUC Report and 2017 LUC Report (collectively, Reports) were submitted to the California Department of Toxic Substances Control (DTSC) and the United States Environmental Protection Agency (USEPA) to document the annual inspections of the property verifying compliance with the LUC for the 2016 and 2017 years, respectively, at the LEHR Site. As part of documenting compliance, both reports also document activities covered by the soil management plan and verify compliance with soil management requirements at the LEHR Site.

DTSC has reviewed the Reports, and finds them acceptable. Please submit physical copies of the Reports with wet signatures to DTSC for our Administrative Record for the LEHR Site.

Mr. Jeffrey Murl
