Update;

Good Morning to All,

Monday, 08 June 2009

Operations continue with remedial excavations and processing of excavated materials; Resumed packaging (bagging) waste soils this week in planning for shipping of waste soils neat week. Moved and improved de-watering treatment system to a new location on the site to accommodate remediation activities. Remediated another utility pole area near the tongue area of the site and backfilled with compacted fill. Waste soil shipping scheduled for Tuesday, 16 June and Wednesday 17 June 2009. Continue to receive sand material on site for remediated areas backfill.
