Moe,

This meeting will be at the Norton Public Library, which is next to Town Hall.

Will be sending out an Agenda later.

I am listing the attendees on it, so everyone will know who the players are.

Who is the Conti Project Manager?

As far as I am concerned the more people we have from the Army Corps and Conti end, the better it will be for us (Norton).

PRPs and EPA evidently did not get the message from us back in 2004.

We need some professionals who understand Shpack to hear what is being proposed now for a change in the Risk Assessment/Reuse Scenario.

Obviously the PRPs will do as little as possible.

And EPA agreed with that approach in their original 'Preferred Alternative'.

-
Melissa Taylor is evasive and worse.

Of great concern is that Ms. Taylor will be reporting back to her 'Management' (Bob Cianciarulo) on this meeting, giving her recommendations, and Taylor & Cianciarulo will be deciding how to proceed.

Not at all encouraging that they are only at 30% Design.

But EPA/PRPs cannot move forward with the plan for cleanup while they are trying to change it!

I have been doing my damndest to get everyone to understand the situation, but it is difficult because Melissa Taylor is unresponsive.

If anyone else would like a copy of my six page missive to Ms. Taylor, I will be glad to provide it.

Don't expect much from Garry Waldeck. All Mass. DEP seemed to care about was the water main, not the level of cleanup.

My experience with DEP - they tend to go along with EPA.

Meanwhile, name of Conti PM for my attendees list?

I will put with a question mark.

Of Possible Interest:

Melissa will be bringing her 'Site Attorney' (Barbara Gutierrez)

PRPs will have their attorney attending (Michael Last)

Coming for ERM - Tim Pak, John Kuhn, Laura Judd

Sounds like a power play to me.

Jennifer Carlino and I will need to flex our muscles!

Thanks,

Heather

Classification: UNCLASSIFIED
Caveats: NONE

Good Morning Heather,

I understand that this meeting will be in the Town Hall or is in the public library next door? John Curran and possible the project manager will attend. So a maximum of three from my end. Please keep me posted so we can make this a truly informative meeting for the town.

Thank you,

Moe

Moe,

I am putting together a list of people attending the Shpack Meeting in the library next Tuesday.

Tim said you would likely be bringing someone from Conti.

Can you confirm if that is the case, and if so who it will be.

Am also counting heads so I know how to set up the room.

Thanks,

Heather
